

The Carl Gustav Carus Faculty of Medicine and the University Hospital Carl Gustav Carus of the Technische Universität Dresden are offering a position as a

Chair (W1) of Infection and Immunity (f/m/x)

The appointment is initially limited to 4 years. After a positive interim evaluation, the employment will be extended to a total of 6 years.

The Professor will be part of the Institute for Medical Microbiology and Hygiene (Head: Prof. Dr. med. Alexander Dalpke) and will enforce the scientific foci of the Institute. We are looking for a candidate with particular expertise in immunology and medical microbiology. Your research focusses on host-pathogen interactions with an emphasis on the innate immune response. More specifically, you study long-term adaptations of immune reactivity (trained immunity) or metabolic changes upon infection. You are recognized internationally and have a record in third-party fund raising. You will actively participate in the infrastructures and research topics of the Faculty of Medicine, especially in the field of Immunology and Metabolics, where you will represent the field of Infection Biology in research and teaching. We also expect you to participate actively in cooperative research groups and to cooperate with institutions of the TU Dresden like the excellence cluster Center for Regenerative Therapies Dresden (CRTD) as well as external non-university research institutions like the Max Planck- or Helmholtz-Institutes. We appreciate your dedication to the Dresdner model of problem-oriented teaching in German and in English language, as well as your commitment in academic self-governance.

The prerequisites for employment according to §63 SächsHSFG are a university degree in life sciences (biochemistry, biology, medicine, dentistry, veterinary medicine or similar), a doctoral degree, a track record in teaching and a proof of scientific work. The Faculty of Medicine aspires to increase the number of women in research and teaching, and strongly encourages female scientists to apply for this position. We also welcome applications from scientists with disabilities or those with special needs.

Please send your application **by August, 23th 2020** by mail or email (meddekan@mailbox.tu-dresden.de) to the **Dean of the Faculty of Medicine Carl Gustav Carus, Technische Universität Dresden, Prof. Dr. med. Heinz Reichmann, Fetscherstraße 74, 01307 Dresden, Germany**. For further details concerning the required application documents see the homepage of the Faculty of Medicine or please contact the dean's office (Dr. Janetzky, +49 351-458-3356), the equal opportunity officer Dr. Valtink (+49 351-458-6124) or the representative for persons with disabilities Ms Vogelbusch (+49 351-458-12127).

The Technische Universität Dresden acknowledges diversity as a cultural matter of course and quality criterion of a university of excellence. We welcome all applicants that wish to get involved with their accomplishments and personalities for the success of all. Technische Universität Dresden is a family-friendly university and offers a dual career service. The Faculty of Medicine also provides active support for childcare options as well as help in finding adequate jobs in the region for the candidate's partner.
